

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Incrementing a Number

Scenario: Increase number with given increment until it reaches the max value

Given I am a user

When I press the '+' button

Then the number should increase with the given increment

And it should stop when it reaches the max value

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Decrease Number with Given Decrement

Scenario: Decreases the number with the given decrement number until it reaches the min value

Given I am a user

When I press the '-' button

Then the number should decrease with the given decrement

And it should stop when it reaches the min value
